EMCOR Services Fluidics' newest offering—**mobile facilities services**—has been designed specifically for customers that need flexible or temporary onsite operations and maintenance staffing from skilled professionals. And it's been designed to help clients save valuable time across a number of important areas.

Specifically, EMCOR Services Fluidics' mobile facilities services help eliminate the task of managing multiple contractors, streamlines billing, and assists clients in finding an all-in-one solution for a wide variety of repairs, painting, installations, renovations, and scheduled maintenance.

Mobile facilities services are available to customers across the greater Philadelphia region.

What can we do for you?

**On Time. On Budget.
On Demand Mobile Facilities Services.**

With a large network of handyman/general maintenance technicians available to handle a variety of miscellaneous services, EMCOR Services Fluidics' truck-based technicians can self-perform both scheduled general maintenance services and on-demand, common repair work for clients.

**Safety Isn't Just Important to the Job.
It Is the Job.**

At EMCOR Services Fluidics, safety is a mindset. A culture. A way of life. It's a core value within the company and a top priority for each one of EMCOR Services Fluidics' employees. One way the organization keeps safety at the forefront of each employee's mind is by participating in EMCOR's "Be Vigilant" safety campaign. EMCOR's safety performance is far better than the Bureau of Labor Statistics industry averages, with a rate of injury that is consistently 60%–75% lower than our competitors.*
